

QPF-14-191-DCWFC

191 is bred by Craig Porter QPF & is a full brother to Craigs "MAKYBE DIVA" hens, 3 x 1st Fed Mackay 500miles, 7th Fed Mackay 500 miles & 2nd Fed Bowen 600 miles. One of the 1st Fed Mackay & 2nd Fed Bowen clocked through the night.

I have 2 daughters of 191 in stock that have flown for 2 seasons, one of which was my 3rd bird to loft on the 3rd morning from Winton 650 miles smash in 2018 when only 5 clocks after 3 days, the other bred 2 birds to fly the same 650 mile smash race.

I have not used 191 to his full potential in stock in the short time I have had him. See pedigree for details.
